AORN Journal index of articles published in 1999

AORN Journal Index to Volumes 69-70 January-December 1999

This index is divided into two sections: the Name Section and the Subject Section. The Name Section includes author(s), and individuals about whom articles are written, in which case the names are in brackets.

In the Subject Section, articles appear under one or more subject headings. AORN recommended practices appear under the appropriate subject(s), under AORN, and under Practice Guidelines. Subject headings are taken from the Cumulative Index to Nursing and Allied Health Literature.

Abbreviations used in this index:
